Luxury is

a

State

of

Mind

Each one of us is constantly creating and looking for nests to surround ourselves with.

Nest is the point of reference of Italian hospitality with the aim to create unique experiences purely 'Made in Italy'.

Starting from the idea that 'Luxury is a state of mind' and so we all have different interests and needs. We have carefully selected a list of properties, event locations and products that can help you to find your ideal Nest in Italy.

We collaborate with local artists, brands, property owners and merchants to provide you the finest Italian experience.

Eating Italian food

Tavolata Supper Club is the doorway to the culture and roots of this beautiful country.

You will dine around an intimate communal table to enjoy a seasonal menu by great local Chefs with the opportunity to meet new people and make interesting connections.

Diners absorb the magical atmosphere of the local territory in unique locations across Italy usually not easy to access to. For example: art galleries, private houses or a vineyard in the Tuscan countryside.

Tavolata is the freedom to experience and enjoy simpler intimate moments with your loved ones and new ones and taking a break from our busy lives.

Available also for private events.
